## CREATING SOLUTIONS

SQA Solution offers software testing services to organizations across many industries. Our proven track record with Fortune 100 organizations was earned through consistent delivery of expert testing solutions that respond to client needs and add value. We focus on developing a long-term partnership with our clients. This enables us to maintain a strong domain expertise in several sectors, including:

- **Life Science Testing**
- **Mobile Testing**
- **Retail Testing**
- **E-Marketing Testing**
- **Financial Services Testing**
- **Government Testing**

Our Black Box Testing methodologies include the design and implementation of the following test types:

- **Functional Testing**
- **Installation Testing**
- **Compatibility Testing**
- **UI Testing**
- **Usability Testing**
- **UAT**
- **Beta Testing**
- **System Integration Testing**

Furthermore, our team will document our test steps, log defects, and verify defects. We will also train your personnel, if needed.
